

# Security Policy

01.000.025.A

This policy provides an overview of Fluenta's vision of security. Appropriate security measures give confidence to our workforce, suppliers and customers, as well as ensuring our compliance with appropriate laws.

Security and safety of our staff is of paramount importance. We aim to achieve the highest standards of health, safety and welfare for all its employees, contractors and others who may be affected by the activities of the Company.

Security of our building and physical assets aims to prevent unauthorized access to Fluenta premises, chiefly for the prevention of either opportunistic or corporate crime.

Security of our information is critical, both for preventing the unauthorized access or release of secure documents, and for controlling the way we handle the personal data of our customers and staff.

On behalf of the Fluenta management team.
